MARE REQUIREMENTS

The CLIENT certifies that he/she is the sole owner or has legal lease of MARE, or has full authority to enter into this contract, on behalf of the owner(s). The CLIENT represents and warrants that MARE to be bred is healthy and in sound breeding condition. The CLIENT agrees MARE is current on worming, vaccinations and has a clean uterine culture and cytology, before insemination. If registered, a photocopy of the MARE's papers, showing both sides, must be furnished and returned with this contract.

LIVE FOAL GUARANTEE

Should MARE fail to be in foal after initial insemination, STALLION OWNER agrees to ship cooled semen for a repeat service AFTER receipt of signed veterinarian certificate confirming that MARE is not in foal and payment of collection and shipping fees. MARE is entitled to return breeding privileges for one season following the initial breeding. The contract is not transferable. Should the MARE not produce a live foal (i.e. a newborn foal that stands and nurses), the mare owner is entitled to return breeding. This guarantee shall only apply if the stallion owner is notified in writing within 72 hours of the foal's death. A statement of details by a licensed veterinarian must follow within 10 days or the guarantee becomes null and void. This clause is also binding in case of abortion. If MARE absorbs her pregnancy, we need written verification of this fact from your veterinarian. Should the STALLION die or otherwise be unavailable for use if a Return Service is required, the breeder shall be refunded the stud fee.

FOAL REGISTRATION

The Client/Mare Owner will be issued a valid breeding certificate for the WPCSA and/or ISR/OLD NA by the Stallion Owner when the mare is checked in foal, all paperwork has been returned, and all fees and/or expenses of any kind owned to STALLION OWNER have been paid. A replacement fee of \$25.00 will be charged if the Client/Mare Owner loses a breeding certificate.

ON-FARM BREEDING ADDENDUM (if applicable)

CLIENT/MARE OWNER will pay all veterinary related expenses directly to DVM including but not limited to insemination (if not live covered). CLIENT will be responsible for on-farm mare care fees and payment is to be made upon return of MARE to CLIENT (after breeding).
